ANNOUNCEMENT.  
We are indebted to the following gentlemen for the office of the publisher.

As the Detroit lakers are all on a strike, why not put them to making baskets here?

President Harrison used a gold towel in laying the cornerstone of the Grant Monument at New York Wednesday.

Eleven States have held Democratic Conventions and only three—New York, Kansas, and Rhode Island—have sent instructed delegates.

The New York Legislature has adjourned, after passing the re-apportionment bill that makes the legislature Democratic in both branches.

Republican State Conventions are being held this week in Ohio, New Jersey, Colorado and Kansas. All copying Colorado will send Harrison delegates.

The Illinois Democrats held their convention this week and re-elected Palmer delegation without instructions. Aligned, of Chicago, was nominated for Governor.

They are still holding elections every ten days in Providence, Rhode Island, in a futile attempt to elect nine representatives, who must have a majority of the votes cast.

Danilo F. having had his own coat-tail perforated, will probably endeavor to make others believe that such tales are stylish, according to the latest fashion bulletin.

Walter Emerson, in the first issue of the Russellville Ledger with his name at the mast-head, perpetrates this: "Cleveland's campaign slogan: Over the Hill to the White House."

Congressman Enloe called Pension Commission Rooms a fair Tuesday, while Rann was being arrested. Rann resented the insult by declaring that he was not afraid of Enloe or any other living man.

Frank Spottedwood, editor of the Harrodsburg Democrat, is a candidate for district delegate to Chicago, from the Eighth District, with every prospect of winning. Like all the rest of Kentuckians, he is for Cleveland if he can carry New York.

Claude Matthews, the Democratic nominee for Governor of Indiana, was elected Secretary of State at the last election by 20,000 majority. He is a native of Kentucky and a farmer and became a candidate less than a week before he was nominated.

The bridge celebration at Memphis on May 12 will be the greatest event, in its history, that the city has ever known. The results to speed and safe transit for freight and passengers across the Mississippi will be something stupendous in the aggregate of a year's business. It is a wonderful stride in railroad enterprise.

The World's Fair Board of Control for Kentucky organized at Frankfort Monday by electing Mr. W. H. Dancy President and Mr. Young E. Allison Secretary. The Commissioners met again at night and after balloting for their chairs at the State Hotel, named Mr. Susan P. Brown, of Owensboro; Miss Ida Symmes, of Louisville; and Miss Lucy Lee Hill, of Lexington.

It is well enough for Brother Emerson to understand in the outset that he is treading on forbidden territory. A close corporation, with only one in it, purposes to do all of this sort of business for the Kentucky press. One of the trio is located at Newport, one at Frankfort and the other somewhere in this old of the State. Be careful, young man, and see that your offense is not repeated.

The Owensboro Inquirer, a Hill organ, intimates that Senator Hill will himself "lame" Grover Cleveland in the Chicago Convention. It says: "If David B. Hill is not nominated by the Democrats at Chicago in June he will name the man who is nominated. This may sound a little unreasonable just at this stage of the game, but if the prophecy fails, can you then say you have our own little for a fool ball?" This is the sensible course for Senator Hill to pursue. It would make him a fool for 1896.

The Frankfort correspondent of the Hopkinsville Kentuckian suggests that the editor of the Capital should be sent as a delegate to Chicago from this district. While that gentleman appreciates the compliment, and would be proud of the honor, he is in no wise a candidate for the Illinois—Capital. Col. Johnson has never failed to serve for his party, in his paper or on the stump if he were used, and he deserves to be sent as one of the delegates from his district to Chicago.

## DR. T. A. THOMAS DEAD.

Expires Suddenly in Clarksville of Paralysis, Monday.

Dr. T. A. Thomas, of Clarksville, died suddenly Monday, aged 73 years. The program given there was about his death:

Thomas Alexander Thomas was born in London county, Va., Dec. 11, 1819, was the son of Joseph and Sarah C. Thomas. In his early life, he came to Clarksville as mentioned above. During the gold fever in California, he moved to that place, where he resided for some time. He returned to Clarksville and then went to Cincinnati and New York, spending about 15 years in those cities. He returned to Clarksville about three or four years ago, and became manager of the T. A. Thomas Drug Co. After successfully conducting the business of this company for some months, Dr. Thomas became manager of the new drug firm, the Clarksville Drug Co., which position he held at the time of his death. Oct. 8, 1883, Dr. Thomas married Miss Ella B. McKinley of this city. As a result of this union three children were born, Edwige and Ed are now connected with the Clarksville Drug Co., and Mrs. S. S. Lander, daughter of the deceased, lives about two miles south of this city. Dr. J. P. Thomas, of Hopkinsville, Dr. Ed. Thomas, of this city, and Mrs. Ellen Walker of Chesapeake, Ky., the two brothers and sister of T. A., and his aged wife survive him.

Dr. Thomas was in his usual health Sunday. He attended church both morning and evening, and yesterday afternoon took his wife out for a ride in the vicinity of Clarksville. He was taken sick about 11 o'clock last night, and suffered greatly all night. He died at 9:00 this morning. At the time of his death Dr. Thomas was in the hands of his daughter, Mrs. S. S. Lander, and his son, Edwige, who were with him at the time of his death. He was taken sick about 11 o'clock last night, and suffered greatly all night. He died at 9:00 this morning.

The medical fraternity, headed up by carefully trained statisticians, is almost a unit in declaring that a moderate use of Stimulant is a long life. It is also admitted that old whiskey is by far the best stimulant that can be used. Leading physicians recommend the I. W. Harper Whiskey, because it is pure, possesses a superior flavor and bouquet, and is offered for sale until it is a dull and inferior quality. It is sold by W. Smith and W. R. Long, Hopkinsville, Ky.

Yellow fever is becoming epidemic in Brazil and some small towns are being entirely abandoned by the inhabitants.

Deafness Can Be Cured by local applications, as they cannot be cured by the internal route. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and it is usually nothing but a cold in the result, and unless the inflammation can be taken out and this cold removed, the hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh of the Eustachian Tube, if cured by the use of our medicine. Send for circulars free. J. F. Currey & Co., Toledo, O. Sold by druggists everywhere.

Amusements.

One of the most novel and interesting entertainments ever presented here will be seen at Holland's Opera House on Tuesday evening, May 3. In conjunction with Capt. Andrew McNeill's "Some Production of 'The War of the War' and Patriotic Company will be Anderson & Morton's Great Dramas of the Fight between the Monitor and the Merrimack. The program is as follows: Captain McNeill's fifteen hundred feet of scenes were painted by two of the finest artists of the famous Soman & Lauder Studio, and includes many of the important events of the war. During the presentation of these great scenes the celebrated California Quartette will introduce some of the old favorite war songs, melodies, and drills, and the musical artists, Harry Brown, will appear in their favorite specialties. The management here is for one night only. It will be of interest to the old as well as the young, and the attendance should be large. Prices of reserved seats can be had at Galtzheim's.

Senator Dancy has introduced a bill to repeal the registration law of Christian county. It is to be hoped that the Deputies in the legislature will not allow this law to be repealed, which has done so much towards securing honest elections in Christian county. It is not an easy law to repeal, and it would be a good thing for the state if all of the counties had such a law. A slight amendment in regard to the time of registration is needed, and the law will do very well just as it is.

In the First District a primary election has been called for the first Monday in August to choose the first and second Candidates for Congress. Since Robertson, Campbell, Hendricks and possibly Garrett are the entries, the primary election is first blood for Stoen.

## TOBACCO NEWS.

Big Sales This Week.

This week's sale of tobacco amount to about 400 bales, the largest sale of the season. The receipts have been rather light owing to bad roads and the very busy season for the farmer. There is no material change to be expected in the condition of the market, which has been firm and active for some weeks past. The following quotations represent our market:

Common leaf.....	\$2.00 to 2.50
Medium leaf.....	4.00 to 4.50
Common leaf.....	4.00 to 4.50
Medium leaf.....	4.00 to 4.50
Common leaf.....	4.00 to 4.50
Medium leaf.....	4.00 to 4.50

ROCKFORD MARKET.

Sales by Nelson & Dabney of 80 bales as follows:

Large ranging from \$2.50 to \$3.50
Common and Medium leaf \$5.00 to \$6.00
20 25 high good leaf, 800 800
100 900 800 900 900 900 900
100 80 70 80 80 80 75 75
115 100.

LOUISVILLE MARKET.

Paraded by Oliver & Durrett-Louisville Tobacco Warehouse.

Sales on our market for the week just closed amount to 2,003 bales, with receipts for the same period of 1,456 bales. Sales on our market since January 1st, amount to 29,749 bales.

Sales of the crop of 1891 on our market to date 53,383 bales.

There is no special change to report in our market this week on dark tobacco. New Dark Leaf has advanced more actively but it is not the result of any positive advance. The following quotations fairly represent our market for dark tobacco crop of 1891.

Trade \$1.50 to 2.00.  
Common to Medium Leaf \$2.50 to 3.00.  
Dark Rich Leaf quality \$4.50 to 5.75.  
Common Leaf \$4.50 to 6.00.  
Medium to Good Leaf \$5.00 to 7.00.  
Wrappery Sheets \$7.00 to 10.00.

Scuffling For Dollars.

To get the dollars we have to scuffle for them—no mistake about that; but there are different ways of going about it, and if you are not satisfied with your progress at present, then write to B. F. Johnson & Co., Richmond, Va., who can give you a good pointer or two. Read carefully the paragraph in another column, and write them at once. The early bird, etc.

There are indications that the Gray men, having secured a majority of the Indiana delegation, will attempt to re-appoint the person selected into with the Cleveland team to give the vote of the State to Cleveland on the first few ballots. If this is the game, good-bye bye, for even second place.

Win. Astor, formerly of New York, died in Paris last week leaving a fortune of six millions of dollars. The conductance of his daughter, Mrs. Coleman Drayton, who was the cause of a dual last week, preyed heavily upon the old man's mind and probably hastened his death.

One of the best features of the Press Convention will be Jim Richardson's paper on "The Exchange Fund." We never see underhand is well done.

The Crab Orchard Springs hotel will be converted into a Kentucky Institute for the cure of drunkenness, next Monday.

Malcolmed will appeal his case to the Supreme Court in the hope of escaping the penitentiary.

Ex-Gov. Knott will deliver the Commencement address at Vanderbilt University in June.

There are 4,941 post offices in Kentucky, of which 13 per cent are in one year.

The Democratic Conventions.

The multiplicity of conventions is liable to create some confusion in the public mind in this country. It is well enough to remember that the present convention will take place to-morrow at 2 p.m. The county convention will meet Saturday May 14, at 1 p.m. at the Court House. The state and district conventions will be held at Louisville and the national convention at Chicago June 21.

SYRUP FIGS.

Both the method and results when Syrup of Figs is taken. It is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system, effectually dispels colds, head-aches and fevers, and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acting in the stomach, prompt in its action and truly beneficial to the system, prepared only from the most healthy and agreeable substances. The many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 60c and \$1 bottles by all leading druggists. Any reliable druggist who has not the bottle in his hand will procure it promptly for any one who wishes to try it. Do not accept any substitutes.

CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LONDON, ENGLAND.

## A Mistake Corrected.

In the Southern portion of the country erroneous reports are in circulation in regard to matters that transpired at the last meeting of the Democratic County Committee that seem to need correction. This is probably due to the fact that the meeting was held with open doors and that the spectators failed to catch the real purpose of what was done, being misled by an informal discussion. But one vote was taken on any proposition aside from the motions leading to the calling of primaries. That was upon the question of free silver. The committee by a vote almost unanimous declared for free silver, but as a plank of this character was adopted by the last State Convention, there was nothing remarkable about this action. The report that Carlisle and Mills were denounced and the Ocala demands endorsed is untrue and absurd. One member expressed contempt for Senator Carlisle and Mills, but there was no evidence that his sentiments met with the approval of any other committee member present; on the other hand one member left the room to emphasize his displeasure. No demands of any character were even voted upon, though it is a fact that about half of the Democratic county committee are members of the F. & L. Union and that a portion of these endorse part of the Ocala demands. It may be that a few of them endorse them all, but it is by no means true that the Democratic Committee of Christian county has ever taken a vote upon these or any other demands incorporated in the party platform. It is well enough to add that all Democratic endorse some of the Alliance demands. An honest administration, economical government, reform in the tariff, an increased per capita and measures looking to financial relief are some of the plans taken from Democratic platforms and adopted by the Alliance. Upon the sub-treasury scheme, the governmental ownership of railroads, the land loan proposition and some other demands the Alliance itself is badly divided in the ranks, in this county.

The Advertiser Times makes the gratifying announcement that Jim Edwards, late of the Hopkinsville Ledger, will be on the staff of the Advertiser Times, the change of the editorial columns of the Inquirer. That paper is already one of the best country dailies in the State and the gifted Edwards will make it sparkle like a dew drop on a bunch of his own native pennyroyal.
